SBIR ITAR Training Phase 1 [1]

Title:

SBIR ITAR Training

Website

[2]

Description:

For companies developing commercial products with potential defense applications, it is important to understand the International Traffic in Arms Regulations (ITAR) and the Expert Administration Regulations (EAR). This course provides insight into both and is intended to help you avoid costly penalties, imprisonment and debarment that could result from ignorance of these laws. Check out this tutorial on the SBIR.gov website to understand more.
